

Meeting Agenda: The Week in Review: Fridays

Date: May 03, 2026 | **Time:** 04:44 PM

- A lot of students are skipping on Fridays.
- We should put up posters with tips for not getting sick since it's almost flu season.
- There's a student who's missed seven days already and it's only November.
- I'll look for some free or low-cost resources in the community to share with John and he can share them with his family.
- Great.
- Thanks for coming and if no one has anything else I think we can wrap up.
- The meeting was held on the last Friday of the month.
